

Muhammed Emin

Space Shooter

in Python Programming

Muhammed Emin Korkunç
Abdullah Sina Korkmaz
Ahmet Burak Özen

What's the content of our game?

In short,

Our game is a Space Shooter (SS) genre game.

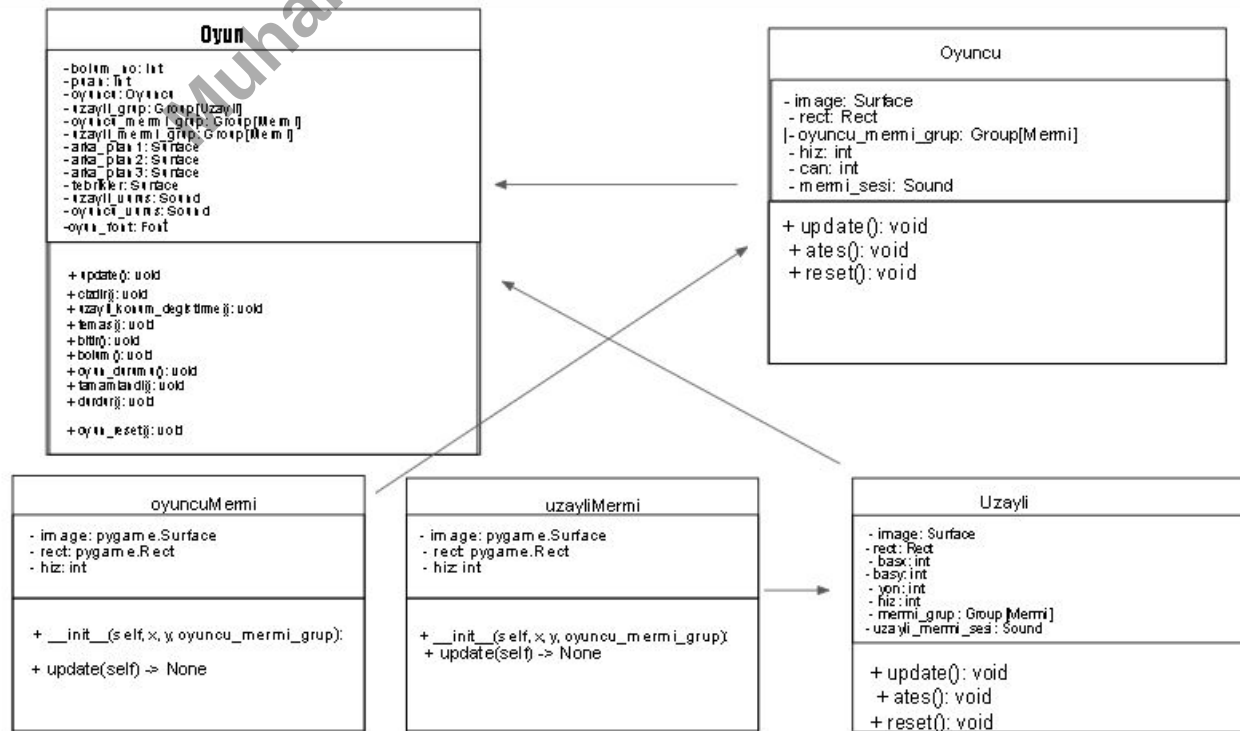

It consists of a 3-level structure where we shoot at enemy targets.

Each level has unique background designs.

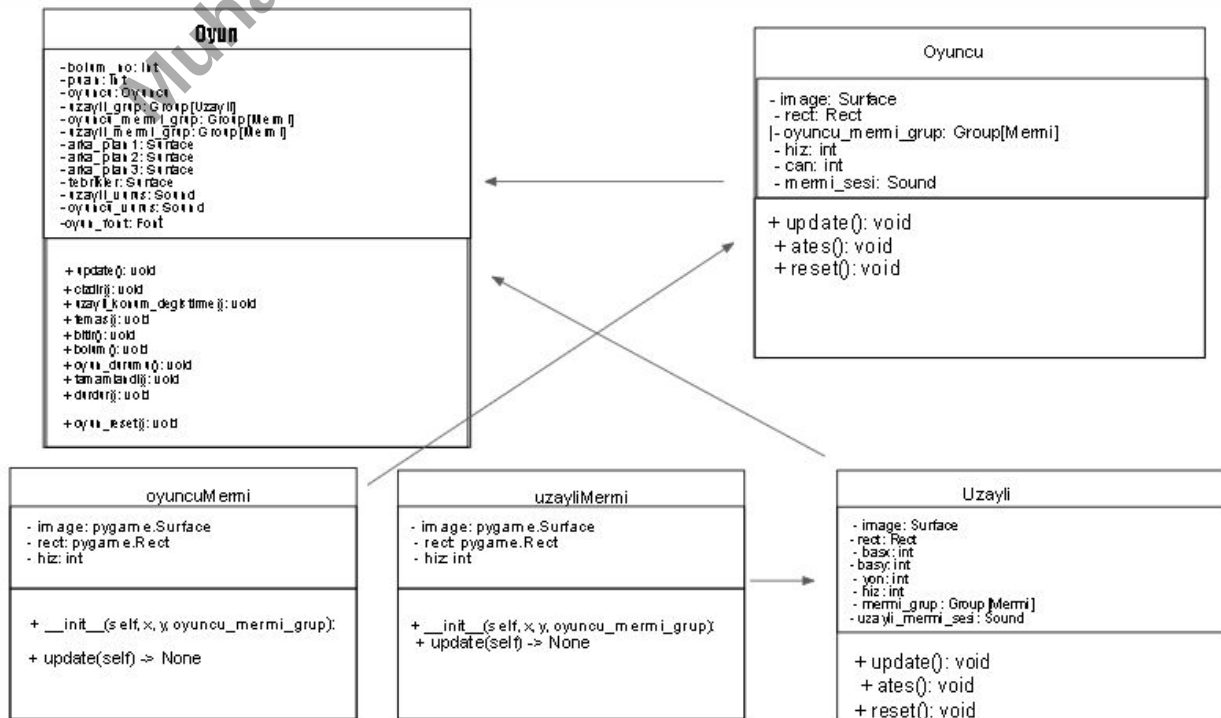

We constantly display the score and level numbers on the screen for the player.

To provide a quick and consumable experience, the game can be restarted by pressing the Enter key after completion.
